I think a two week extension should cover us assuming Burt is available to hammer-out agreeable language for the Exec Summary and Section 11. John is trying to arrange a meeting with Burt at the Windward Seattle office next Friday. If Burt agrees to meet John I will likely travel to Seattle to sit in on that meeting. Obviously, you will be invited too.

Do you want me to send a formal request for a two week extension?

Great, thanks Chip. Obviously, the concern about the BERA dispute deadline is the most time critical item. Jim.

Jim - I'm on a national sediment forum call until 11:30 and have another call at 1:30. I accepted the meeting invite for tomorrow. I'll get back to you on the other items.

Chip

Subject: Time Critical Follow-up Issues

Chip, I just left you a voice message about some key time critical follow-up issues:

- We currently have a dispute deadline of January 29th for the BERA comments. However, as we discussed with John Toll earlier this week there are numerous changes to the Exec Summary and Section 11 that we believe need to be resolved in order for the document to be accurate. Therefore, I'd like to discuss with you an extension to the January 29th deadline. This needs to happen ASAP in order to avoid having to gear-up the LWG legal team to start drafting potential dispute documents.
- We have an FS conference call set for tomorrow morning but you have not responded to the Outlook notice. We need to confirm your attendance.
- As we discussed last week with Kristine and Bob, we need to decide if the four of us are going to meet every two weeks instead of monthly. Bob and I think it is critical that we meet/conference call every two weeks for the next few months because there are so many moving parts to the RI, BHHRA, BERA, and FS.
- I'd like to talk with you about standardizing our process for confirming agreements and action items for all of our meetings (e.g., our Project Management meetings, but also the numerous RI, BHHRA, BERA and FS technical discussions that have and will continue to occur).
-

I'm available to talk today before 11:30, and then I have another window open between to 1:30 and 4:00. Tomorrow I'm available all day except 8:30 to 9:30 and 11:00 to noon.

Thanks,

Jim McKenna
